Robby and Jon,

Please find attached the latest draft version of the consent decree. Because we learned today that an additional person needs to review the percentages in paragraphs 15 and 16 before we are able to send our proposed percentages to you, we have left them blank in this version. We hope that our other changes will give us enough to discuss tomorrow.

Please let me know if you need me to send a redline. I know you may prefer to make your own redline anyway.

Best regards,

Rachel
